MEMORANDUM FOR: Mr. Lyman B. Kirkpatrick
Executive Director

SUBJECT : [REDACTED]

1. The annexed memoranda relate to the [REDACTED] communications system. The basic memorandum suggests arguments in favor of the recommendation to have CIA budget for the cost of the [REDACTED] communications system as it was envisioned prior to the activation of the Orrick Committee. This recommendation still appears to be valid.

2. The second memorandum is designed to bring you and Gen. Carter up to date with developments since the initiation of the Orrick Committee. From this latter memorandum, it appears that the cost to CIA in FY 1964 of the accelerated improvements in the over-all system would amount to about \$5.4 million in excess of our current budget level.*

* An additional \$1.9 million will probably be needed in FY 1963 but will be made available by DOD.
